Positive Relief For Constipation

The progress of modern medi-cal science is, perhaps, no more forcefully evident than in the simplifying of many of the old time remedies of past genera-tions. For instance, the harsh catherties and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary but really harmful. Constipation really harmful, Constinution can be more effectively relived without the discomfort and pain these old-time remedies occasion A combination of simple lara-tive heres with pepein, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is most effective, yet mild and pleasant. It is absolutely free from opiates and narcotics and equally as desirable a remedy for the tiniest babe as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. E. Caldwell, 452 Washington St., Monticello, Ills.

The rush and hurry of modern life with its constant incentive to still greater speed and effort, has evolved from its own self-wrought chace the "safety first" movement. Look before you leap; guard against the chance of injury; of others as well as yourself; keep your eyes

This "safety first" idea may be applied to your business dealings and to mercantile life in general. You will find some merchants, the better ones, who have applied to their business all the known "eafety first" devices. Their advertising is honest: their merchandise is honest; their service is good; they play all their cards above the table and try to meet everyone upon the plane of absolute honesty and sincerity.

The old style trader whose motto was "caveat emptor," let the buyer beware, is being crowded from the boards. Common sense dictates the answer to the question, "where shall I trade?" Trade with the merchant whose motto is
